Ms. Ma is a very popular state-wide official elected to the position of State Treasurer with nearly 8 million votes. More votes than any other candidate for Treasurer in the state's history.

Former Assemblymember Sandré R. Swanson served with Treasurer Ma when she was Speaker pro Tempore of the Assembly, and worked closely with her, in the State Assembly, as they both shared a reputation of being solution-oriented legislators. Swanson, if elected would be the only African-American in the State Senate from Northern California.

Treasurer Ma said, "I worked alongside Sandré Swanson in our State Assembly and know him as a passionate, thoughtful and hardworking legislator. **In the post-COVID economy, we need his leadership to protect the availability of healthcare for families. He supported small business loans in underserved communities as a job builder. He led the legislature in passing laws to rescue our children from Human Traffickers to stop the underground economy of crime in our community.** Sandre

*said he wants to go to the State Capitol as our Senator to fix, with humanitarian solutions, the current housing and homeless crisis and to regain control of our parks and neighborhoods from homeless encampments. Experience matters and we should allow Sandré to do that important work. I endorse Sandre Swanson for California State Senate 7th District. Please join me in electing him as your representative."*

Swanson said "I very much appreciate the endorsement of State Treasurer Ma whom I agreed with on many legislative efforts in the State Assembly and who is doing an outstanding job as Treasurer for the people of California. Treasurer Ma's distinguished career is well deserved and I consider her support a very important endorsement, adding significantly to the early momentum of our campaign."
